

# Table of Contents

- How to Use This Report ..... 1**
  - Brief Outline ..... 1
  - Browse by Role ..... 1
- Part 1: Executive Summary ..... 3**
  - The Case for Digital & Media Asset Management ..... 3
  - Digital Asset Management Technology ..... 4
  - The DAM Marketplace and Vendors ..... 5
  - Advice, Pitfalls, and Best Practices ..... 6
  - Trends for 2008 ..... 7
- Part 2: What is Digital Asset Management Technology? ..... 9**
  - Digital Asset Management – An Introduction ..... 10
  - The Challenges of Rich Media ..... 11
  - What is an Asset? ..... 12
  - Metadata ..... 13
  - Digital Asset Management Defined ..... 15
- Part 3: The Business Case for Digital Asset Management ..... 17**
  - Exploiting the Who, What, When, and Where of Digital Assets ..... 17
  - Supporting Strategic Organizational Initiatives ..... 18
  - Improved Collaboration and Streamlined Creative Workflow ..... 20
  - Better Brand Management ..... 20
  - Enabling Marketing Agility and Operational Excellence ..... 21
  - DAM Costs ..... 21
    - Software ..... 22
    - Hardware ..... 23
    - Networking ..... 26
    - Consulting and Customization ..... 26
    - Metadata and Taxonomy Development ..... 27
    - Related Applications and Services ..... 28
    - On-going Operations ..... 28
    - Adjustment Costs ..... 28
    - Content Costs ..... 29

**Part 4: DAM Technology Services ..... 30**

- DAM Services ..... 30
- Asset Creation & Management Services ..... 31
  - Ingestion ..... 31
  - Asset Lifecycle Services ..... 35
  - Media Processing ..... 38
  - Organization ..... 40
  - Storage Management ..... 46
  - Asset Assembly and Delivery Services ..... 47
  - Workflow ..... 49
  - Localization & Internationalization ..... 51
  - Transform, Transcoding, & Delivery Services ..... 53
  - Personalization ..... 58
  - Monetization & Rights Management Services ..... 59
- Architecture and Management Services ..... 60
  - Application Development and System Administration ..... 60
  - Security Services ..... 63
  - Scalability & Capacity ..... 67
  - User Experience ..... 69
  - A Special Note About Standards ..... 72
- Vendor Intangibles ..... 78
  - Maintenance and Support ..... 78
  - Strategy & Roadmap ..... 80
  - Services & Channel ..... 80

**Part 5: Universal Scenarios: The Key to Comparing Technologies ..... 84**

- Image Management, Brand Management and Marketing Operations ..... 85
  - Scenario 1: DAM Library or Photo Archive ..... 85
  - Scenario 2: Basic Brand Management ..... 86
  - Scenario 3: Multi-lingual Brand Management ..... 87
  - Scenario 4: Marketing Asset Production and Distribution ..... 88
  - Scenario 5: Ad Production ..... 91
- Publishing ..... 93
  - Scenario 6: Periodicals Production ..... 93
  - Scenario 7: Multi-Channel Publishing ..... 95
  - Scenario 8: Catalog Production ..... 98
  - Scenario 9: Rights-Managed Content Syndication and Distribution ..... 99
- Video Production ..... 101
  - Scenario 10: E-Learning ..... 101
  - Scenario 11: Video Review and Approval ..... 103
  - Scenario 12: Short Form Video Production ..... 106
  - Scenario 13: Broadcast Video Production ..... 109

**Part 6: Vendor Reviews ..... 110**

- About the Product Reviews ..... 110
  - Guide to the Charts ..... 110
- Enterprise DAM Vendors ..... 113
  - Specsheet Summary: Enterprise DAM Vendors ..... 114
  - Ratings Summary: Enterprise DAM Vendors ..... 117
  - Scenario Summary: Enterprise DAM Vendors ..... 118
  - Open Text: Artesia DAM 6.8 ..... 119
  - Interwoven: MediaBin 4.6.1 ..... 129
  - EMC: Documentum Digital Asset Manager 6.1 ..... 142
  - ClearStory Systems: ActiveMedia 7.4 ..... 154
  - North Plains: TeleScope 8.3 ..... 165
  - IBM: FileNet P8 4.0.1 / Ancept Media Server 3.8 ..... 178
- Mid-Market Challengers ..... 184
  - Specsheet Summary: Mid-Market Challengers ..... 185
  - Ratings Summary: Mid-Market Challengers ..... 187
  - Scenario Summary: Mid-Market Challengers ..... 188
  - WAVE Corporation: MediaBank 3.5 ..... 189
  - ADAM Software: ADAM 4.2 ..... 198
  - Canto, Inc.: Cumulus 7.5.3 ..... 206
  - Widen: Media Collective 5.0 ..... 213
- Lightweight DAM ..... 221
  - Specsheet Summary: Lightweight DAM ..... 222
  - Ratings Summary: Lightweight DAM ..... 223
  - Microsoft: Microsoft Office SharePoint Server 2007 ..... 224
  - Oracle: Universal Content Management 10gR3 ..... 226
  - Day Software: Communiqué DAM ..... 228
- Niche Solutions ..... 230
  - Specsheet Summary: Niche Solutions ..... 231
  - Ratings Summary: Niche Solutions ..... 232
  - Xinet: WebNative Suite ..... 233
  - MediaBeacon: R3volution Enterprise DAM Suite ..... 235
  - Chuckwalla: Chuckwalla 5.8 ..... 237
- Emerging Products ..... 239
  - Nstein: DAM ..... 239
  - Apple: Final Cut Server ..... 239

Entries in red only appear in the Enterprise Edition of the report.

**Part 7: Taking the “Damn” Out of DAM: Advice, Pitfalls, and Best Practices . . . 241**

- Embrace Stakeholders . . . . . 241
- Build and Prioritize Your Initial Requirements . . . . . 242
- Develop Use Cases or Scenarios . . . . . 242
- Solidify your business case . . . . . 245
- Outline your metadata or information model . . . . . 245
- Outline your system . . . . . 246
- Review technology alternatives . . . . . 247
- Perform Due Diligence . . . . . 248
- Evaluate Security Implications . . . . . 249
- Require a Proof-of-Concept . . . . . 249
- Choose a package . . . . . 251
- Prototype as early as possible . . . . . 251
- Recognize when you need help and seek outside assistance . . . . . 251
- Vendor Pricing . . . . . 252
  - Software . . . . . 252
  - Professional Services and Support . . . . . 254
  - Some Final Words on Pricing . . . . . 255
- Twelve Common Pitfalls to Avoid (and Best Practices to Follow) . . . . . 255

**Part 8: Glossary . . . . . 263**

**Vendor Index . . . . . 270**
